

## EXTERIOR COLOURS

## ROOF COLOURS

## METAL (NON ROOF)

## TIMBER FINISHES

## NOTE

This Colours and Finishes sheet is provided to designers of works at Illabunda. The colours and finishes shown within this document are indicative only - they are provided to give a 'flavour' of the sort of richness that the Development Team see is possible at Illabunda. Designers working on buildings at Illabunda are to consider the appropriateness of the shown colours with their own design intent and provide a colours and finishes pallet which works for their project with reference to this document. This is to be provided during the design review stages.
